At consistory we have discussed the continued improvement efforts that we are all seeing. Landscaping and power washing was done around the North entrance of the church on workday. Concrete work has been completed at the parsonage. Flooring updates at the parsonage will be done during Pastor Jeremy and Jen's upcoming vacation in June. The continued relationship with St John's appears to be going very smoothly, as people from both congregations continue to look forward to sharing services. Here's to a productive and fun summer!
